

The End of Your Corns

Pain Stops at Once—Corn Lifts Off Clean

There is nothing in the world like "Geta-It" for corns. Just apply it according to directions, the pain stops at once, and then the corn lifts off as clean as a whistle. No fuss, no bother, no danger. "Geta-It," you know, is safe. Millions have used it, more than all other corn remedies combined, and it never fails.

Don't Waste Time "Hollering." "Geta-It" Never Fails.

There is no need for you to go through another day of corn agony. But be sure you get "Geta-It." Accept nothing else for, remember, there is positively nothing else as good. "Geta-It" never irritates the live flesh, never makes the toe sore.

You can go about as usual with work or play, while "Geta-It," the magic, does all the work. Then the corn peels off like a banana skin, and leaves the toe as smooth and corn-free as your palm. Never happened before, did it? Guess not.

Get a bottle of "Geta-It" to-day from any drug store, you need pay no more than 25c, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

Sold in Barre and recommended as the world's best corn remedy by Cummings & Lewis—Adv.

Give The Stomach A Chance To Work

We can't expect the stomach to act normally if the natural avenues of elimination are blocked so it cannot dispose of its refuse. When the bowels are constipated the stomach is called upon for work beyond its capacity and the result is bloating, belching, headache, and discomfort generally, and, unless the condition is promptly relieved, serious illness.

An effective remedy for constipation is sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin. It is a combination of simple laxative herbs with pepsin that acts on the bowels in a gentle, natural manner, without griping or other pain or discomfort, affording speedy relief. Get a bottle of Dr. Caldwell's Syrup Pepsin from your druggist and have it in the house when you need it; it costs only fifty cents and is the ideal family remedy, and equally good for children and old people, get scientifically powerful for the strongest constipation. A trial bottle, free of charge, can be obtained by writing to Dr. W. H. Caldwell, 510 Washington St., Montpelier, Vermont.

Lemons Beautify! Make Quarter Pint of Lotion, Cheap

Here is told how to prepare an inexpensive lemon lotion which can be used to bring back to any skin the sweet freshness, softness, whiteness and beauty.

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart pint of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener, smootheners and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands, and see for yourself—Adv.

VERMONT APPLE CROP ONE-FOURTH AVERAGE

Price May Be \$5 a Barrel to Consumer When Crop is Harvested, Says Large Grower.

Burlington, Sept. 14.—"The apple crop in Vermont will scarcely be one fourth of a normal harvest," said Mr. Holmes of Charlotte, the well known apple grower, who is in town today.

"We will have possibly 500 barrels of prime fruit, Greenings, Spys, Russets, etc., and in a good year the harvest is 4,000 barrels."

Apples are being bought on the trees to-day by New York and Boston brokers for \$3 to \$3.25 a barrel for all grades. The price at picking is likely to be \$4.50 to \$5.

The government reports sent out a few months ago predicted an 80 per cent apple crop in the United States. Today's forecast is barely 20.

Trees blossomed heavily, but the cold backward spring served to blight a great number of the blooms, and later the small apples fell, freely.

A man from Grand Isle in the city today corroborated Mr. Holmes in his statement and says that island apples, while of good quality are not plentiful.

AMUSEMENT NOTES.

Merry Company of Farceurs in "Nothing But the Truth."

If you have business worries or family affairs are on your mind, try to forget them for the moment, while you allow the information to come to you that the stage of the Barre opera house will next Tuesday, Sept. 18, be given over to the merry company of farceurs who are driving all cares to the woods, with their performance of James Montgomery's farce, "Nothing But the Truth," which comes to us with the official endorsement of New York theatregoers, that it is the most uproariously funny play ever seen in the metropolis, and these same New Yorkers looked and laughed at it for an entire year, and it is said a reference to "Nothing But the Truth" will create a New York laugh even now. It is a farce—and this word is used advisedly—built upon the resultant effects of a confident young man to speak the truth and nothing but the truth—not only does he determine to do so, but he succeeds, and his success brings tumbling upon him and his friends and associates, all manner of trouble. Of course this young man is not telling the truth without an object. No, he will win ten thousand dollars if he can succeed in so doing for a certain period—he little thinks when he starts in what the result will be, and the play shows the funny things the truth will do. Oh, it's a maze of complications—adv.
